HARD SCRAP ON KELLYTOWN LICENSE

Defect In Application May Result In No License Being Granted This Year

HOTTEST BATTLE OF SESSION

Andrew Yavorsky, who is applying for a new license at Kellytown in Knox township, was the first applicant called yesterday afternoon. He was represented by Reed, Boulton & Forsytsh. He has a brand new building with 12 rooms on second floor and eight on the third floor built for a hotel with shower baths in the cellar and bath rooms, etc. on each floor. Said he had previous hotel experience, having conducted a hotel at Kamey for several years. Mr. Swoope asked him on cross examination who the owner of the hotel was and he said the Maple Run Coal Company. The name of the owner of the property did not appear in the application and Mr. Swoope objected to its consideration on account of this defect. The applicant's attorney offered to supply the name and was allowed to do so pending the disposal of the legal point raised.

Further examination disclosed that the applicant just had a verbal agreement, but Mr. Forsyth, manager of the coal company, said a written lease or agreement calling for $100 per month rent would be preepared and signed in case license was granted. Mr. Swoope took up the names on the license petition and made the applicant admit that he did not know a large majority of the signers on the same. Said he expected to stay there and run a boarding house if he did not get license. Thought the house would be completed within one month. Had 118 names on petition which he had circulated. Said Kellytown was located two miles from Potts Run and about game distance from Boardman. John Boag of Boardman was present assisting in the fight on the license.

Edward Brown, mine foreman for the Maple Run Co., said there were about 60 houses and ten more buildings. About one hundred men employed there and twice that number at Boardman but that there was no place for men to get anything to eat or to sleep and they had trouble keeping men, some private houses sleeping people four in a bed. Tried to start boarding house but couldn't get anybody, as a coa ldigger coul deat more than one dollar's worth per day. The men went to Houtzdale for their booze, walking four miles to Belsena and then to Houtzdale by train where they would get supply and come back and refused to work until the liquor was all drunk. Also saw truck loads of booze unloaded at one house. In his experience a well regulated hotel was necessary around a mine. Some of his men missed three days before New Year's. Out of his hundred men at least one man was off daily on account of booze. Some of the men would work two weeks steady and then loose a week following pay day and many of them lost about half time. They had plenty of cars but the liquor put their men out of business. His men averaged four and five dollars per day. More than one-half of the people up there are "booze fighters".

Robert Brown gave similar testimony and said two thirds of the population were foreigners and liquor drinkers. Saw three men bringing in 10 gallons of liquor in jugs carried in sacks over their backs. Believed conditions would be greatly improved with well regulated license hotel. Thought a license necessary for the town's progress, as he was going into business and wanted an up-to-date town.

Charles White slept in Boag's office at Boardman and lived on sandwiches for three months.

Linn Hoyt, of Glen Richey, said there was a daily demand there for a place to stay. Was opposed to liquor but saw a lot of it drunk there and it interfered with the work of the men, but believed a well regulated hotel would help there. Saw thirty-two keg. of beer left at one house. No liquor would be more benefit.

Arthur Hugill also favored a license hotel as a prohibition measure. John Hoyt was of the same opinion.

Judge then moved to amend the petition by inserting the name of the Maple Run Coal Co., which had been omitted through an error of the typewriter. Mr. Swoope objected on the ground that the defect was fatal to the application. The Court took the matter under advisement.

John Boag, Sr., one of the remonstrants, was called. He said he was Superintendent at Boardman. Said there had been several applications for license in that section before and he had always fought them because they interfered with their labor about mines, and that in his opinion a hotel would change conditions as to drinking among foreigners, 80 per cent of whom drank. He detailed his experiences along this line in several towns he had been located in where there were licenses. Believed there was no necessity for a hotel and would add to the disadvantages. Said he knew but one young man in Boardman who drank and did not want temptation placed in their way. Said many of the signers of the petition for license and when the first name was read to him said he saw that man two years ago pay $1.25 for beer when his family was begging for bread. The second man had been a booze fighter two years ago but had reformed and joined the church but was afraid for him now. Another one had been drinking since he was 17 years of age and was now past 21. Does not believe any necessity exists for a license. Said he was in shape to take care of thirty foreign miners or fifteen English-speaking men at any time they would come there.

Oscar Miller did not think there was any necessity for a license there or anywhere else.

Rev. Henderson, of the Presbyterian churches at Boardman and in that section. Does not believe there is any justification for a liquor license anywhere, on the ground that he is against sin anywhere and as a liquor license is conducive of sin he was against it. Judge Reed asked him where he got his authority for classing a liquor license as sin, the Reverend quoted the Man of Galilee. Judge Reed asked him how about the Savior at Canaan and he replied that if the Savior made wine at a wedding feast a person need not hesitate to drink it. Before any further scriptural argument could be had Judge Bell halted the controversy and stated that the reverend gentleman's objection had no value under the Pennsylvania statues and was therefore valueless in this case. Rev. Henderson then made his objections along more orthodox lines.

John Boag, Jr., testified against the necessity and said if a license was there a man would drink as long as he could borrow a dime or a dollar. Boag pressed for the name of a man who would do that named three men on the license petition who would do that.

At this point Judge Bell stated that he had been endeavoring for years to get some evidence regarding the hauling of beer and booze into the county. He had made several special orders covering the same and asked for information to prosecute but had never been able to secure any, and asked that evidence be given to the District Attorney. He further said that for four years the temperance people had not furnished the Court or District Attorney any evidence in the three violations of the liquor law in the county.

WALLACETON M.E. CHURCH DESTROYED BY MIDNIGHT FIRE

The Methodist Episcopal church at Wallaceton was totally destroyed by fire last night about 11:30 p. m. Revival meetings were in progress and after the meeting was over the sexton discovered smoke coming from the cellar. Investigation showed that the flames were beyond control and work of the vounteer firemen was directed toward saving the parsonage which was only abou tte nfeet away from the church. By miraculous work the parsonage was saved. Much of the church furniture was saved but the loss will amount to fully $4000 and unfortunately no insurance is carried. The fire started from an old furnace. The burning of this church leaves Wallaceton with but one church building so that a new one will likely be started in the near future.

TRANSPORTATION MATTER IS ACUTE WARNS MCADOO

(By United Press)

By Robert J. Bender

Washington, Jan. 23.—Ten billion dollars must be raised by June 30, declared Director General McAdoo today testifying before the House Interstate Commerce Committee. Congressional delay in the case of the railroad legislation has seriously hampered this gigantic work and is seriously endangering the floating of the next Liberty Loan, he declared. The most of the business man's securities are bound up in railroad securities or a total of $1,000,000,000 and it spells failure for the next Liberty Loan, McAdoo declared. "I then earnestly appeal to you to expedite the passage of the railroad legislation," McAdoo concluded.

Washington, Jan. 23.—A temporary embargo on shipping except food, fuel and war material is ordered by Director General McAdoo on the Pennsylvania lines, east of Pittsburgh, the B. & O. east of Ohio river and the Philadelphia & Reading railroad.

McAdoo's action followed insistent demands from the Fuel Administration. McAdoo declared the step was "absolutely necessary". Material for the ship building program and the intense suffering of many was the principal factors in the decision. The war supplies exempted from the embargo will be specifically decided upon by the War Department. The lines will be instructed to move coal into New England, into New York harbors and other points and to return the empty cars to the mines.

Washington Jan. 23.—In view of the coal crisis on the eastern coast Director General McAdoo was called before the House Interstate Commerce Committee today. Before opening consideration of the railroad control bill th House wants complete info mation regarding what is being done and whether federal control of the railroads is relieving the coal famine.

PERSHING REPORTS THREE SAMMIES KILLED IN ACTION AGAINST GERMANS

Washington, Jan. 23.—Three Americans were killed in action with Germans according to General Pershing's report to the War Department today. The dead are Private Alfred Cook, West Almond, N. Y., Private Harry Garman, Catawba, Va., Private Leo Radi, Cleveland, O.

The Pershing report gave only the bare facts that the men were "killed in action". The report, however, indicates that clashes between the Amrican boys and the Germans are becoming more frequent, a soldier having been killed Sunday, according to reports to the War Department yesterday. It is assumed that the victims were members of a patrol squadron.

Private Ovid Herrick, of Frankfort, Kentucky, who was reported to have died January 22, of gun shot wounds is believed to have been wounded in action on Sunday. Seven soldiers died of natural causes according to Pershing's report.

Another American soldier is a prisoner in Germany. Sergeant Paul S. Swenson, of the Engineers, reported as missing after an attack December 16, has been located by the Red Cross as a prisoner. General Pershing cabled the War Department today. Swenson's home is in New York City.

DIRECTOR GENERAL MCADOO EXPECTS TO INCREASE PASSANGER FARE COST

Washington, Jan. 23.—To control traveling during the war Director General McAdoo may make increased passenger rates. Passenger trains also may be reduced. Before the House Interstate Commerce Committee he explained that the situation in the east was acute. McAdoo said he had curtailed a number of passenger trains but State Commissions with the best of intentions made an avalanche of protests. Before passenger service can be reduced a great deal of the unnecessary traveling must be stopped, McAdoo said. "When that time comes," he said, "we shall raise the rates."

Representative Winslow of Massachusetts declared that many railroad employes, even "they are a government employe are becoming lax in their work. McAdoo sharply denied the charges saying his representatives indicated the contrary. The spirit of both officers and employees in this matter is unsurpassing, the Director General declared.

BRITISH ANNOUNCE HEAVY LOSS OF MEN

(By United Press)

London, Jan. 23—Britain's monthly war expense at present are 7,517,000 pounds ($36,157,000) Chancellar of the Exchequer Bonar Law announced in the House of Commons today. The Chancellor declared that the government at present would not conscript wealth.

London, Jan. 23—Two ships were sunk in the Mediterranean on December 31, with a loss of 718 lives Parliamentary Under-Secretary McNamara announced today. The secretary of the admiralty also announced that sometime in December a ship was sunk at the mouth of the Mersey river with a loss of 40 lives aboard.

CHINKS WHO FIRED ON GUNBOAT HIDE

By Ralph Turner

Tokio, Jan. 23—A Hankow dispatch today to the Kokusao agency declared it has been impossible as yet to ascertain whether the hCinese who fired on the American gun boat Monocacy were rebels or not. The attack occurred on the morning of the 17th. Five hundred Chinese entrenched at Yachow fired on the gun boat despite the fact that her flag was visible. Eighty bullets riddled the gun boat and Chief Yoeman O'Brien was felled by the first volley. The Monocacy's crew retined the fire silencing the attackers.

The attack on the Monocacy it was announced in dispatches from Washington has been made the subject of diplomatic protest through the American minister at Peking.

"THE AMERICANS—1917"

We are coming from the mountains
Where the slender pine trees grow;
We are coming from the Dixie land,
Where the Swannee river flows;
We are coming from the boundless West,
Where the golden wheat fields lay;
And from the vast Pacific slope
From Alaska far away.
We are coming, we are coming—
Two million men and more,
To fight or die for liberty
As our grandsires did of yore!

We are hurrying o'er the ocean,
With blessings in our train;
We come to help beloved France
Re-win Alsace and Lorraine;
We come that little Serbia
May evermore be free.
And that the land of valorous Poles
Regain lost liberty;
We care coming, we are coming—
Two millions young and strong.
To join the ranks of the Right
And help 'venge Belgium's wrong!

We are coming, Jew and Gentile.
Without thought of gain or greed;
We are coming with the purpose—
That enslaved men be free;
We are coming with "Old Glory,"
And with ships and arms and gold—
Coming to found the reign of peace
Of which the Prophets told;
We are coming, we are coming—
Two millions on the way,
And other millions close behind
For tyranny's had its day!

One of the earliest patriotic societies of American women was the "American Daughters of Liberty" which was organized by the women of Philadelphia in 1780 to provide clothing for the suffering soldiers.

COUNCIL WANTS VIEWS ON THE POLICE FORCE

Whether Extra Man or Men Will Be Added to Force Depends on Wish of People

WILL LIKELY ADD ONE MAN

The matter of an addition of one or two or no members to the police force will be up for final settlement before council at the next regular meeting on Wednesday evening, February 6th. At the organization of council, January 7th last the police question was discussed and a resolution was passed providing for the electing of two additional policemen. The Fourth ward members were especially interested in the matter and said the citizens down that way demanded and must have better police protection. The Third ward councilmen also expressed the belief that more police protection was needed in their ward, especially after night when drunken and other hoodlums made a practice of insulting women on the street and otherwise raising the devil generally.

When the action of council was made known following the meeting, considerable discussion arose about town and the question of the expense of the proposed new departure caused a great deal of adverse comment on the ground that it would mean an increase in borogh taxes. That it would increase borough taxes is true because with the increase in salaries to the present police and two new men at the increased salaries it would mean an additional mill of tax for police purposes. The two police at the present rate of wages wil cost the taxpayers $2340, and the two additional men would increase that amount $2280 or a total of $4620 for police salaries alone.

When the matter of this increase in millage was called to the attention of council at its meeting on January 16th the question of the increase, together with twelve applications for the new places, were referred to the Public Safety committee, Burgess and Borough Solicitor for investigation and report at next meeting of Council on February 6th. This meeting was held in the council chamber Monday evening. Burgess Chase, Solicitor Urey and Messrs Gallaher, Graham and Lucas, of the Public Safety committee being present. The police increase was discussed at length from every angle. Burgess Chase and Councilman Lucas were of the opinion that two additional men were needed, the Burgess stating that he would stand on his recommendation to council in his inaugural for an enlarged police force, especially as he had been approached before and since by many citizens of the Third and Fourth wards demanding such increase, the demand being especially insistent from the Fourth ward. Mr. Lucas expressed similar sentiments and said his opinion that two additional men were needed was the result of his own observations and knowledge of conditions in the East End and from the demands or requests of the citizens down there, whom he said were ready and willing to pay the necessary additional tax to maintain them.

Messrs. Gallaher and Graham thought that the matter might be compromised by giving town better police protection by the addition of one man and it was finally decided to recommend to council at the meeting on February 6th that one man be added to the police force and he be put on April 1st as according to Chief Mellerry and the police records there was not so much police work during the cold weather.

This recommendation will be presented to council for final action Wednesday night, February 6th and it is now up to the taxpayers and citizens generally to acquaint the members of council with their views or wishes in the matter. The question of proper police protection is a vital one and cannot be measured in dollars and cents if the need exist. The addition of two or even one policeman means increased taxes, but if it is necessary it should be done. Tell your councilmen your views before Wednesday, February 6th, and ask them to do what you think proper.

BOLSHEVIKI IS AT BREAK WITH GERMAN PEACE

Party News Organs Again Attack German Diplomats and His Dual Police

KUHELMAN VISITS THE KAISER

By Jos. Shaplen
(By United Press)

Petrograd, Jan. 23—Breaking off of all peace negotiations by the Bolsheviki was announced today by Bolsheviki newspapers. They apparently had official backing. The Pravda and Isserkia today officially assailed German Foreign Minister Kuhelman and declared his plans "a treacherous dual policy." Official Bolsheviki reports today told of Red Guards occupying the city of Baltava. The Ukranians are retreating. A decisive battle is expected shortly.

Amsterdam, Jan 23— Chancellor Hertling and Foreign Minister Kuhelman had an audience with the Kaiser according to Berlin dispatches today. Presumably the subject matter consisted of Hertling's long delayed speech to the Reichstag. Kuhelman met members of the Reichstag and related to them the progress of the Brest Litovsk negotiations. It was stated he probably would make a formal speech to the Reichstag main committee before his return to Brest Litovsk.

NEW JERSEY I. W. W. WORKER ARRESTED

(By United Press)

Paterson, N. J., Jan. 23—Carl Keinzer, aged 28, a member of the I. W. W. was arrested today and will be sent to Chicago for trial under a blanket indictment which charges him with conspiracy against the United States government in connection with Wm. E. Haywod.

Keinzer according to local police was one of the leaders in strike plots over the country. He was one of the ring leaders in the 1916 strike riots here and was arrested several times.

REVIVAL A SUCCESS

Rev. Wissinger preached an excellent sermon to the large crowd which attended the revival services at the U. B. church last evening. There was exceptionally good singing by a chorus choir. There were 25 penitents. Arrangements are being made to organize a booster choir of young epople. It is the intention of the pastor to have a big rally Friday night.

JOHN GINGERY DIED AT WOODLAND TODAY

John Gingery of Woodland died this morning about five o'clock from the effects of a paralytic stroke which he suffered a week ago last Saturday while following his occupation as delivery man for the Vulcan Trading Company. Mr. Gingery was a man whom it was a pleasure to know. A kind father and an indulgent husband he was the idol of his family circle and all with whom he came in contact have only the kindest words for him. His wife and four adult daughters survive him. Funeral and obituary later.

HAIG'S REPORT

(By United Press)

London, Jan 23—"Northeast of St. Quentin an encounted between hostile raiding parties and patrols was reported by Field Marshasl Haig today. Three of our men are missing. South of Labassee an attempted enemy raid was driven off."

only in that way can he get the real sentiment, and aside from his own knowledge and observation, can he learn public sentiment on this vital proposition

WEDNESDAY EVENING, JANUARY 23, 1918.

Over in Altoona they arrested a man for stealing a bath. Served him right for doing such a rash thing this kind of weather.

With the young men of the country nearly all at the training camps the snow has no beauty for the young lady of the country when she recalls the sleighing parties of a year ago.

The tail is done wagging the dog, for the present at least, and today every business man, laborer and workers of all description are again at work of production while the railroads seem to have just as much work as usual on their hands. We have indeed passed through a peculiar situation. The United States, the peer of all industrial nations, produced materials faster than the great transportation lines could distribute them and the natural result was that production had to stop until the manufactured products were moved. Perhaps no man or set of men could have forestalled such a condition and yet it appears that by taking the proper steps at the proper time the transportation companies could have been rendered such aid as would have put them in shape to cope with their share of the work of war preparation. Not being given such help by the gvoernment and being retarded by Congress, Commissions and Courts, they were weakened for the great task that lay before them. Instead of the dog of business wagging the tail of transportation the dog was forced to stand still until the tail caught up.

OUR POLICE QUESTION

Out of all the controversy over the increase in the number of our policemen there should come an improvement in that department of our borough government. Practically every one shares the belief that the two man system is inadequate and that while four men could be used, particularly on Saturday nights and in the busy season, our needs are not so urgent as to make four men a necessity for the safety of our residents. In advocating the four man system The Progress had in mind an ideal condition and of course was not at that time considering the cost. Police protection is a necessity and must be had regardless of the cost. Council is acting wisely in considering this matter from the financial standpoint and no doubt will be able to arrive at a solution which will give Clearfield adequate protection at a minimum cost and that is all that can be expected. A policeman is rarely needed in the Third Ward but it would not be well to let it go without visitation from policemen at frequent intervals otherwise that vicinity of our city may in the near future become the rendezvous of those plying illegal trades and practices. The citizens of the Fourth Ward are unanimous in their demand for a policeman in that Ward and we believe that they are entitled to one. It is to be hoped that at least one more policemean be added. Our city has grown and become more populous and the addition of one more policeman will not be out of proportion to our population.

Significant of the importance of women in industry in wartime is the appointment of Miss Hilda Mulhauser of Cleveland, as assistant manager of the newly organized employment service of the United States Department of Labor. Miss Mlhauser's work will concern the placing of women in positions previously held by men now in the military service as well as the placing of wage earners made idle through industrial changes.

The Missouri Pacific railroad has established a free school in Little Rock for the training of women to take the places of men called into army service.

POLITICAL ANNOUNCEMENTS

We are authorized to announce the name of Dr. Jonathan Currier of Grampian, Pa., as a candidate for the office of congress to represent the 21st Congressional district composed of Clearfield, Center, Cameron and McKean counties. Subject to the rules of the Republican party. Primary May 21, 1918.

WINBURNE I. O. O. F. HAVE SOCIAL MEET

Last fall the Odd Fellows of Winburne decided that the best way to keep up good spirit, for both the order and the country, was to get together once in a while and have a good time. Accordingly, a committee was appointed to make some arrangements for a social gathering some time in the future.

For some time the members of the lodge have been trying to ferret out when the time should "come off" as no general announcement of the affair was to be made. The fellows began to realize that something was in the wind and when Friday evening came there was present a large number of members of the lodge.

After the business of the meeting had been transacted the appointed committee announced that refreshments would be served and requested the members not to be in a hurry to go home. It was not necessary to make this request a second time.

The committee had arranged a fine lunch of sandwiches, pickles, ice cream, and coffee. When each had enjoyed as much of this as was in keeping with good common sense the smokers were treated to good cigars. (It is rumored that some drank more coffee than would be fitting at anything but a stag party.)

The evening was pleasantly passed telling jokes and stories. Two visiting brothers, Mr. Nelson, of Lakeport, New Hampshire, and Mr. Chase, of Massachusetts, were present. Mr. Nelson told several good stories. But though the fellows all enjoyed themselves, they stopped their merriment for a more serious attitude of mind while they called to memory the boys in the training camps and those "over there".

After a vote of thanks to the committee the meeting broke up, each voting a good time and leaving with a determination to back up the boys "over there" with the proper spirit at home, for they realize that if the boys in the trenches shall do their best is is necessary that the people at home do their part.

FATAL JANUARY OF 1893 RECALLED BY THE MANY DEATHS

Washington, D. C., Jan. 22—The many deaths that have occurred this winter among men prominent in the affairs of the nation have served to recall of "fatal January" of twenty-five years ago. The entire history of the country affords no parallel to the high record of mortality among prominent men that marked the month of January in 1893. Within the short space of three weeks the nation lost by death such notables as Rutherford B. Hayes, former president; James G. Blaine, the great Maine statesman and presidential candidate; General Benjamin F. Butler, civil war commander and former governor of Massachusetts; L. Q. C. Lamar, one of the leaders of the confederacy and later a United States senator and a member of the Cleveland cabinet; Rt. Rev. Phillips Brooks bishop of Massachusetts and famous pulpit orator, and John E. Kenna, who at the time of hiss death was serving a United States senator from West Virginia.

RED CROSS IS MAKING ITALY OUR FRIEND

Great Organization Nips German Propaganda By Ministering To The Italian Destitute

THE CABLE TELLS THE STORY

By George Martin

Washington, Jan. 19—The American Red Cross nipped a flourishing German propaganda against America in the bud by carrying the Stars and Stripes and needed relief into Italy at the time of Italy's first severe reverses according to a cable from Major Murphy to Chairman Davison of the Red Cross War Council received here today.

Spies were rapidly spreading the word that America was unfriendly to Italy, didnt care what happened to her and was afraid to antagonize Austria. The people believed the stories. Major Murphy's graphic cable speaks for itself.

"When we reached Italy refugees were streaming down from the North. Indescribable pathetic conditions existed. The unexpected military reverse had stunned the nation. Rumors of all sorts were in the air.

"A vicious propaganda had spread the report that America was not friendly to Italy; that we were not interested in the war and even that we were afraid to antagonize Austria as well as Germany.

America apparently had no available means of expression. Congress was not in session. Our army could not act. Fortunately, however, the Red Cross was in a position not only to respond immediately to the call of the suffering but also to carry the message of the American people to Italy in the hour of her distress.

"Working in conjunction with our own state department and the Italian government, we used every available means of supply and distribution to assist the ally of our country. Within aproximately two weeks after our arrival we had established warehouses and branch warehouses to supply all important points.

"We opened shelters for homeless women and children.

"We distributed condensed milk to little children.

"We dispatched three emergency workers on a tour of Italy, with five hundred thousand lire in small bank notes, to give immediate aid where it was needed.

"At the presentation of our first three ambulance sections to the Italian army, through the general of the division, there were represented our own state department, the French army, the British army, the Italian Red Cross, and the military sanitary department of the government. As our sections passed through the streets on their way to the front, after the ceremony, the streets were filled with enthusiastic crowds and American flags flew everywhere.

"Whatever else we may have done or failed to do we have raised the American flag from one end of Italy to the other, and our youngsters today are doing their part in helping to hold the Piave line."

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, snuffling discharge, dryness, or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothes and heals the swollen or inflamed nasal membranes, relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

In view of the tremuous efforts now making by the various departments in Washington to secure women to fill clerical positions, it is interesting to recall that on December 27, 1851, an official order was issued for the exclusion of women from the employment of the government.

MAXWELL

Most Miles per Gallon Most Miles on Tires

Economize Wisely —A Maxwell Car Will Help

Waste is often committed when the intention is to economize. A Maxwell car, famous for its economy, will cost you only a few dollars a month to operate and maintain.

Which is the real economy:

(1) To use the car and save time, strength, and mental vigor?

(2) To do without the car, lose time in your business, lose the health gained from motoring, and worry yourself into illness?

Use of a Maxwell car will give you self confidence.

Your neighbors and associates will get mental inspiration from you.

As wave circles widen when a pebble hits the water, so will your good example benefit your entire community.

Save—yes; but do it sensibly, and let the Maxwell help.

LETTERS FROM OUR SOLDIER BOYS

January 2nd, 1918

Dear Uncle:

Will take the time to write you a little note. It isn't going to be much for we are not allowed to write much about the place. I suppose you know by this time that I am in Cuba but I dont know how long we will be here. Maybe for the rest of the war and maybe not. We have a nice place here and we can get liberty whenever we want it. We can go to Santiago or Guantanamo City and they are both pretty good sized places and we have some time.

The work isn't hard. We stand a four hour watch about every four days.

I go on watche tonight from 10 o'clock till 2, but that isn't much.

Our camp is a dandy place, in the mountains, but we have it fixed up nice. We have a shower bath, electric lights, and sleep in tents on good spring bunks, and the eats are swell.

We sure do get good eats. Our Christmas dinner was fine. We can go hunting and fishing whenever we want to. There is deer and quail and lots of them. We can catche most any kind of fish but sharks, and they are too big to get without shooting. We have two wire traps and get all kinds of fish in them. My bunkie and I just cleaned a four foot eel we caught.

We can have fish every meal if we want them. We go swimming every day and Gee, it is great.

Well, Uncle, I have told you about all so will relose for this time, with love to all.

BIG LEAGUES MAY TRAIN AT THE ARMY CAMPS

By H. C. Hamilton
(United Press Staff Correspondent)

New York, Jan. 22.—There isn't the faintest shadow of a doubt that the American soldier is the biggest thing in the American heart. And nowhere is it more evident than in sports.

Baseball is practically sacrificing everything to give basketball to training camps next spring. The Reds may, in fact, do their spring training at Camp Sheridan, Ala., instead of going to Shreveport, as in the past.

The Braves and Yankees, who have been playing a schedule of games every spring on their way north from Georgia, are booking all training camps on the way for this year.

More ball players are going to be in the National army before spring rolls around. And a great many of them are going to be big leaguers Baseball should get its big push in the army along with other pushes Baseball, in fast, should emerge from the big game more staunch than ever in the hearts of American sports lovers.

OF INTEREST TO WOMEN

Mrs. Opal Brown is now probate judge of Doniphan county, Kansas, having been appointed by Governor Capper to succeed her husband who is in the military service.

Mrs. Ralph Smith is the first woman candidate for the British Columbia legislature. The by-election will take place in Vancouver, which was her husband's constituency.

Soldiers from the vicinity of Monroe, Mo, in training at Camp Funston are receiving the home paper regularly through the generosity of a prominent clubwoman of their town.

SENATE LOOKS INTO WONDER ENGINE

Assyrian Takes Energy Direct From Air and Harnesses It To Work In Harmony With Steele

A REVELATION IN SCIENCE

Washington, Jan. 21—In the workdays of turmoil and travail, while a doctor of philosophy is juggling "king coal" and incidentally creating holidays for the general public and at the same time bringing down the denunciation of the same public upon his head a bill has been working its way through congress which its sponsors assert will give to the government and the world an engine which will operate without the use of ordinary fuels, taking its energy from the air.

This bill, or rather joint resolution, which has passed the house and is being considered by the senate committee on patents has to do with an invention called the "Garabed." Its inventor, an Assyrian, Garabed T. K. Giragossian, claims to have solved the problem of taking free energy direct from the air and harnessing it to perform work. In other words he claims to have designed an engine or motor that uses the free energy which is present in the atmosphere and which scientists have long predicted would some day be brought under the control of man.

The purpose of the joint resolution is "for the purpose of promoting efficiency, for the utilization of the resources and industries of the United States, for lessening the expenses of the war and restoring the loss caused by the war by providing for the employment of a discovery or invention called the 'Garabed' claiming to make possible the utilization of free energy.

Under the terms of the resolution five scientists will be appointed to investigate the practibility of the invention and report to the secretary of the interior. Upon a favorable report the inventor is to be recognized by the government as the legal owner and inventor. The government is to have the right to free use of the invention for its own purposes and the inventor is to have all the legal rights and benefits of the discovery.

The only woman attending the recent national food conference called in Washington by Herbert C. Hoover, national administrator, was Mrs. Wynn Coman Schramm, of Salt Lake City, who was present as the official representative of Utah.

COURT NOTES

According to the records of County Treasurer Kline's office there were a total of 4806 dog tax licenses issued in Clearfield county up to Monday evening. Before the new law went into effect the Assessors' returns showed there were about 6000 dogs in the county. The constables, police officers and game wardens are required to kill all dogs found without a license tag and there is a penalty for non performance of this duty.

Judge Bell issued an order Monday to vacate a public road in Pike township which leads from the old Oakland school house to the Wilson McClure place, where it connects with the Grampian road. A. G. Kramer, J. S. Michaels and E. D. Billotte were appointed viewers to investigate the matter and report to the court.

Jacob Baughman was appointed supervisor of Boggs township, to take the place made vacant by the resignation of William J. Hephart.

A petition was presented to Judge Bell Monday morning asking for the dissolution of the DuBois Warehouse company following action taken by the stockholders February 28, 1917. An order was made fixed February 18, 1918 as time of making final decree upon the presentation of required proof.

Frank A. Phillips filed a petition in the Prothonotarys office asking for a divorce from his wife Teanie Phillips. He states that they were married November 21, 1908 and his wife deserted him June 26, 1917.

Harry Fitzgibbons asks for a divorce from Lucille Fitzgibbons. He says they were married in Henderson, Kentucky, in August, 1906, then moved to West Virginia where his wife deserted him and finally came back to Clearfield county. He now resides at Pleasant Hill.

On petition of the town council of the borough of Osceola Judge Bell on Monday last appointed Harry E. Williams and Hugh McGinty as members of council to fill vacancies occasioned by the death of the late John Weimer and from the fact that that three members were elected at last November's election, when the terms of four members expired January 7th. The new appointees will serve until the next municipal election in November 1919.

Edward Rothrock, of Cooper township was released from jail on $350 bail. Young Rothrock who is 20 years of age, was placed in jail on information made by a widow with four children, who charges that the young man's blandishments caused her to love not wisely but too well.

The supervisor of Woodward township petitioned the Court for permission to increase the road tax of that township to twenty mills, the increased tax being deemed necessary for the repairing of roads and bridges and building of new roads in the township. The present valuation of the township for tax purposes is $235,871. Judge Bell authorized the levy.

ARMY CAPTAIN WHO ROBBED BANK AND SHOT HIMSELF

CAPT. LEWIS R. WHEELER

The case of Captain Lewis R. Wheeler who robbed the army bank at Camp Funston, Kans., of $21,000 [illegible] of four men with his hat set is one of the strangest known. He [illegible] with the money and [illegible] in his quarters. When [illegible] Wheeler and [illegible] identify him he shot himself to death.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

The seventh grade enjoyed a sleighing party to Clearfield last evening.

George Grimes is home from Williamsport for a few days.

Rev. Joseph H. Cooke went to Philadelphia this morning to attend the funeral there of his brother's wife Mrs. William George Cooke.

Mrs. B. E. McDivitt of Lumber City, visited her parents, Mr. and Mrs. George Fleming of Irvin Hill yesterday.

In last Thursday's Progress Mrs. G. F. Kittelberger requested the names of the boys from Curwensville in camp who were in need of sweaters as a fund has been started to provide for them. Names have been given her of boys not from Curwensville, and although we would be very glad to give to any of our soldier boys our limited funds will only permit us to furnish to Curwensville boys as previously announced.

Mrs. J. A. Kujawa entertained last evening.

Mr. and Mrs. Norman Gearhart returned home from DuBois Monday where they had been visiting the latters parents, Mr. and Mrs. Lydic.

Funeral services of Elizabeth Way, 8 months old daughter of Mrs. Emma and the late Reuben Shurr who passed away January 17, 1918, after a short illness of only a few days was held Sunday afternoon at two o'clock from the home of Lee Mullen of Ridge avenue. Rev. Bertram H. Conley, of the Presbyterian church, officiating. Interment was made in Fairview cemetery.

There's a pair of little hands
Laid to rest forever more,
And two pearly dimpled cheeks
Whose rich blossoming is ore.

Death has sealed two little eyes
That will no more smile or weep
Tiny windows of the soul—
Baby's gone to sleep.

The little crib is empty now,
The little clothes laid by.
A mother's hope, a mother's joy.
In death's cold arm doth lie.

Go, little pilgrim to thy home
On yonder blissful shore;
We miss thee here but soon will come
Where thou hast gone before.

Mr. and Mrs. William Shurr, of Horne, Indiana county, grandparents, attended the funeral.

Ord L. Norris who has been on the sick list for sometime is able to be up and around the house.

The mission study class of the Presbyterian church held an all day meeting at the home of Mrs. J. B. Garner yesterday.

A son was born to Mr. and Mrs. Howard Hoak, of Pike township Saturday, January 19.

Miss Amelia Lesher is visiting with friends in Johnstown.

Pedestrians should be very careful as there are some slippery spots on our sidewalks.

Revival meetings are now in progress at the Methodist church.

NEW MILLPORT

Misses Greenaleh and Winworth of Brockwayville are visiting at the home of Miss Greenaleh's sister Mrs. George Sloppy of this place.

A [illegible] load of our young people attended the patriotic services at O'Shanter Sunday evening.

Mrs. McKinney of Altoona is spending a week in New Millport.

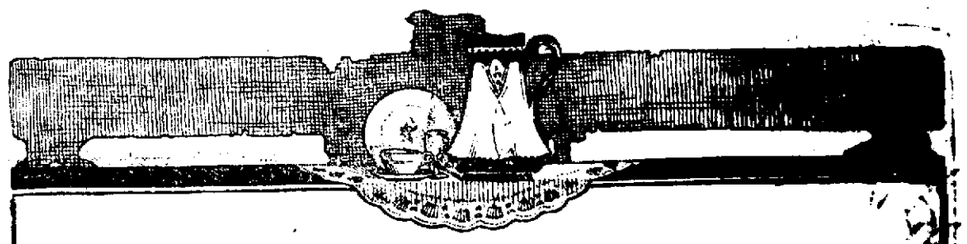
Ira McCracken is very ill at his home.

The party in the K. G. E hall Monday evening was a decided success.

Miss Emma Spencer was a Clearfield visitor Tuesday.

A WAR NECESSITY

The Indiana Grangers have forwarded requests to Judge Langham of Indiana County that all [illegible] be refused this year as a war measure.



Save Yourself in Dish Washing

The soap you use with the dishes seems a little thing, but—

Count the number of dishes you wash in one day and multiply them by 365.

It's a real saving to use a soap that cuts grease as speedily as Fels-Naptha. It means work finished more quickly and with less effort. It means everything spotlessly clean.

Keep using Fels-Naptha with the dishes.

At your own grocer's in the Red and Green wrapper.

To keep white clothes white use Fels-Naptha.

THEY CALL IT DE-LOUSING OVER THERE

By J. W. Pegler
(United Press Staff Correspondent)

With The American Expeditionary Army, France, Dec. 18. (By Mail.)—Uncle Sam is moving in his wash-tubs to wash the under-shirts and things that come back from the trenches.

Wash-tubs are the main thing in the big salvage base which is just being finished in a city far back from the lines. There are also shoe-repairing machines and machines for darning socks and patching breeches.

The Quartermaster took a broad look at the future in planning this base. He visualized hundreds of thousands of Sammies in the mud and filth of the trenches—battalions coming out every day wearing the same clothes, down to the last stitch, that they wore when they marched in. He saw that these out-coming battalions would need hot baths and clean clothes as much as rest and recreation.

They're going to get 'em—baths and clothes.

Back in the cities, "salvage" denotes a careening red fire-wagon piled high with water-proof blankets, with behelmeted salvage-corps firemen clinging to the handrails.

Over here it's something else again. Salvage means repair, reclamation, saving.

There will be bath-stations just back of the front and each emerging battalion will have its "bath parade" on coming out. As they enter the building the Sammies will discard their duds—jackets, breeches, shoes, socks, shirts and underwear. They will go through the baths and come out in another room to find clean, dry clothes and sound shoes waiting for them.

Meantime the salvage folk will have gathered up the discarded clothing. First off, every garment will go through the "de-lousing" wagon, where steam baths will kill 'em.

Next the garments are piled into freight cars which come up to the line with supplies and otherwise might go back empty. At the base the Uncle Sam laundry thoroughly launders every garment and sends them on to other departments in the same plant for inspection and repair.

If a garment has been repaired several times before, most likely it will go into the discard. Otherwise it will be patched and sent forward for the next man who comes out wet, muddy and craving to be clean again.

SOLDIERS TO HEAR TAFT

New York, Jan. 23.—Pleased at the opportunity to contribute its "bit" toward the success of the national cause, for ex President William H. Taft is about to begin an extensive tour of the national army cantonments under the auspices of the Young Men's Christian Association, his first appearance will be made at Camp Devens, Mass., tomorrow. His [illegible] will not [illegible] the spring [illegible] will include visits to [illegible] at the military training camps from [illegible] Atlantic to the Pacific.

Lady of Vandyke so Weak From Stomach Trouble She Could Hardly Walk She Said

Terrible Attacks of Cramps made her Fear she Would Die—Took Simple Home Treatment, Hasn't Had Cramp Since

TELLS HOW SHE DID IT

"I suffered from stomach trouble for a year. I tried many things that were recommended but nothing did me any good. Everything that I ate hurt me and I would take spells of cramps that seemed so bad I didn't think I could live through them and I got so bad off I could not walk anywhere, not even across the room. Those terrible cramping spells were so bad I thought I would die and everyone thought I could not live.

"I was at my wits end when Acid Iron Mineral was recommended to me as the very think for stomach trouble and I commenced to take it and since then I have never had a spell of cramp. I now eat anything I want to eat and it doesn't hurt me. I have have gained so much strength I can walk two or three miles without getting very tired and I can sleep a whole lot better, while before I took Acid Iron Mineral my sleep didn't do me any good. It has done what nothing else that I had tried could do and I consider A-I-M a wonderful medicine and believe it will do everything it is recommended to do if taken according to directions," declared Mrs. Elizabeth Grimsley, of Van Dyke, Buchannon County, Va.

When your strength gives out and you feel like dragging around all day long instead of skipping aronud spry and lively like of old, try taking a few drops of this natural iron in a glass of water after meals. It is simply wonderful. People all over this state recommend Acid Iron Mineral. The beauty abot it is that it is just the highly concentrated natrual iron, cheaper, stronger and much better for people in need of iron. A twelve ounce bottle usually sells for a dollar, and as a tonic, aid to digestion, kidneys, and bladder it can't be equalled. It is sold only in original bottles and the trade mark "A-I-M" on bottle and carton is the, errodine Chemical Corp. guarantee of strength and quality. Most druggists have it. Get a bottle today. For sale by Stewart Drug store and good stores generally.

HARD SCRAP ON KELLYTOWN LICENSE

Defect In Application Mav Result In No License Being Granted This Year

HOTTEST BATTLE OF SESSION

Andrew Yavorsky, who is applying for a new license at Kellytown in Knox township, was the first applicant called yesterday afternoon. He was represented by Reed, Boulton & Forsytsh. He has a brand new building with 12 rooms on second floor and eight on the third floor built for a hotel with shower baths in the cellar and bath rooms, etc. on each floor. Said he had previous hotel experience, having conducted a hotel at Kamey for several years. Mr. Swoope asked him on cross examination who the owner of the hotel was and he said the Maple Run Coal Company. The name of the owner of the property did not appear in the application and Mr. Swoope objected to its consideration on account of this defect. The applicant's attorney offered to supply the name and was allowed to do so pending the disposal of the legal point raised.

Further examination disclosed that the applicant just had a verbal agreement, but Mr. Forsyth, manager of the coal company, said a written lease or agreement calling for $100 per month rent would be preepared and signed in case license was granted. Mr. Swoope took up the names on the license petition and made the applicant admit that he did not know a large majority of the signers on the same. Said he expected to stay there and run a boarding house if he did not get license. Thought the house would be completed within one month. Had 118 names on petition which he had circulated. Said Kellytown was located two miles from Potts Run and about game distance from Boardman. John Boag of Boardman was present assisting in the fight on the license.

Edward Brown, mine foreman for the Maple Run Co., said there were about 60 houses and ten more buildings. About one hundred men employed there and twice that number at Boardman but that there was no place for men to get anything to eat or to sleep and they had trouble keeping men, some private houses sleeping people four in a bed. Tried to start boarding house but couldn't get anybody, as a coa ldigger coul deat more than one dollar's worth per day. The men went to Houtzdale for their booze, walking four miles to Belsena and then to Houtzdale by train where they would get supply and come back and refused to work until the liquor was all drunk. Also saw truck loads of booze unloaded at one house. In his experience a well regulated hotel was necessary around a mine. Some of his men missed three days before New Year's. Out of his hundred men at least one man was off daily on account of booze. Some of the men would work two weeks steady and then loose a week following pay day and many of them lost about half time. They had plenty of cars but the liquor put their men out of business. His men averaged four and five dollars per day. More than one-half of the people up there are "booze fighters".

Robert Brown gave similar testimony and said two thirds of the population were foreigners and liquor drinkers. Saw three men bringing in 10 gallons of liquor in jugs carried in sacks over their backs. Believed conditions would be greatly improved with well regulated license hotel. Thought a license necessary for the town's progress, as he was going into business and wanted an up-to-date town.

Charles White slept in Boag's office at Boardman and lived on sandwiches for three months.

Linn Hoyt, of Glen Richey, said there was a daily demand there for a place to stay. Was opposed to liquor but saw a lot of it drunk there and it interfered with the work of the men, but believed a well regulated hotel would help there. Saw thirty-two keg. of beer left at one house. No liquor would be more benefit.

Arthur Hugill also favored a license hotel as a prohibition measure. John Hoyt was of the same opinion.

Judge then moved to amend the petition by inserting the name of the Maple Run Coal Co., which had been omitted through an error of the typewriter. Mr. Swoope objected on the ground that the defect was fatal to the application. The Court took the matter under advisement.

John Boag, Sr., one of the remonstrants, was called. He said he was Superintendent at Boardman. Said there had been several applications for license in that section before and he had always fought them because they interfered with their labor about mines, and that in his opinion a hotel would change conditions as to drinking among foreigners, 80 per cent of whom drank. He detailed his experiences along this line in several towns he had been located in where there were licenses. Believed there was no necessity for a hotel and would add to the disadvantages. Said he knew but one young man in Boardman who drank and did not want temptation placed in their way. Said many of the signers of the petition for license and when the first name was read to him said he saw that man two years ago pay $1.25 for beer when his family was begging for bread. The second man had been a booze fighter two years ago but had reformed and joined the church but was afraid for him now. Another one had been drinking since he was 17 years of age and was now past 21. Does not believe any necessity exists for a license. Said he was in shape to take care of thirty foreign miners or fifteen English-speaking men at any time they would come there.

Oscar Miller did not think there was any necessity for a license there or anywhere else.

Rev. Henderson, of the Presbyterian churches at Boardman and in that section. Does not believe there is any justification for a liquor license anywhere, on the ground that he is against sin anywhere and as a liquor license is conducive of sin he was against it. Judge Reed asked him where he got his authority for classing a liquor license as sin, the Reverend quoted the Man of Galilee. Judge Reed asked him how about the Savior at Canaan and he replied that if the Savior made wine at a wedding feast a person need not hesitate to drink it. Before any further scriptural argument could be had Judge Bell halted the controversy and stated that the reverend gentleman's objection had no value under the Pennsylvania statues and was therefore valueless in this case. Rev. Henderson then made his objections along more orthodox lines.

John Boag, Jr., testified against the necessity and said if a license was there a man would drink as long as he could borrow a dime or a dollar. Boag pressed for the name of a man who would do that named three men on the license petition who would do that.

At this point Judge Bell stated that he had been endeavoring for years to get some evidence regarding the hauling of beer and booze into the county. He had made several special orders covering the same and asked for information to prosecute but had never been able to secure any, and asked that evidence be given to the District Attorney. He further said that for four years the temperance people had not furnished the Court or District Attorny any evidence in but three violations of the liquor law in the county.

WALLACETON M.E. CHURCH DESTROYED BY MIDNIGHT FIRE

The Methodist Episcopal church at Wallaceton was totally destroyed by fire last night about 11:30 p. m. Revival meetings were in progress and after the meeting was over the sexton discovered smoke coming from the cellar. Investigation showed that the flames were beyond control and work of the vounteer firemen was directed toward saving the parsonage which was only abou tte nfeet away from the church. By miraculous work the parsonage was saved. Much of the church furniture was saved but the loss will amount to fully $4000 and unfortunately no insurance is carried. The fire started from an old furnace. The burning of this church leaves Wallaceton with but one church building so that a new one will likely be started in the near future.

TRANSPORTATION MATTER IS ACUTE WARNS MCADOO

(By United Press)

By Robert J. Bender

Washington, Jan. 23.—Ten billion dollars must be raised by June 30, declared Director General McAdoo today testifying before the House Interstate Commerce Committee. Congressional delay in the case of the railroad legislation has seriously hampered this gigantic work and is seriously endangering the floating of the next Liberty Loan, he declared. The most of the business man's securities are bound up in railroad securities or a total of $1,000,000,000 and it spells failure for the next Liberty Loan, McAdoo declared. "I then earnestly appeal to you to expedite the passage of the railroad legislation," McAdoo concluded.

Washington, Jan. 23.—A temporary embargo on shipping except food, fuel and war material is ordered by Director General McAdoo on the Pennsylvania lines, east of Pittsburgh, the B. & O. east of Ohio river and the Philadelphia & Reading railroad.

McAdoo's action followed insistent demands from the Fuel Administration. McAdoo declared the step was "absolutely necessary". Material for the ship building program and the intense suffering of many was the principal factors in the decision. The war supplies exempted from the embargo will be specifically decided upon by the War Department. The lines will be instructed to move coal into New England, into New York harbors and other points and to return the empty cars to the mines.

Washington Jan. 23.—In view of the coal crisis on the eastern coast Director General McAdoo was called before the House Interstate Commerce Committee today. Before opening consideration of the railroad control bill th House wants complete info mation regarding what is being done and whether federal control of the railroads is relieving the coal famine.

PERSHING REPORTS THREE SAMMIES KILLED IN ACTION AGAINST GERMANS

Washington, Jan. 23.—Three Americans were killed in action with Germans according to General Pershing's report to the War Department today. The dead are Private Alfred Cook, West Almond, N. Y., Private Harry Garman, Catawba, Va., Private Leo Radi, Cleveland, O.

The Pershing report gave only the bare facts that the men were "killed in action". The report, however, indicates that clashes between the Amrican boys and the Germans are becoming more frequent, a soldier having been killed Sunday, according to reports to the War Department yesterday. It is assumed that the victims were members of a patrol squadron.

Private Ovid Herrick, of Frankfort, Kentucky, who was reported to have died January 22, of gun shot wounds is believed to have been wounded in action on Sunday. Seven soldiers died of natural causes according to Pershing's report.

Another American soldier is a prisoner in Germany. Sergeant Paul S. Swenson, of the Engineers, reported as missing after an attack December 16, has been located by the Red Cross as a prisoner, General Pershing cabled the War Department today. Swenson's home is in New York City.

DIRECTOR GENERAL MCADOO EXPECTS TO INCREASE PASSANGER FARE COST

Washington, Jan. 23.—To control traveling during the war Director General McAdoo may make increased passenger rates. Passenger trains also may be reduced. Before the House Interstate Commerce Committee he explained that the situation in the east was acute. McAdoo said he had curtailed a number of passenger trains but State Commissions with the best of intentions made an avalanche of protests. Before passenger service can be reduced a great deal of the unnecessary traveling must be stopped, McAdoo said. "When that time comes," he said, "we shall raise the rates."

Representative Winslow of Massachusetts declared that many railroad employes, even "they are a government employe are becoming lax in their work. McAdoo sharply denied the charges saying his representatives indicated the contrary. The spirit of both officers and employees in this matter is very satisfying, the Director General declared.

BRITISH ANNOUNCE HEAVY LOSS OF MEN

(By United Press)

London, Jan. 23—Britain's monthly war expense at present are 7,517,000 pounds ($36,157,000) Chancellar of the Exchequer Bonar Law announced in the House of Commons today. The Chancellor declared that the government at present would not conscript wealth.

London, Jan. 23—Two ships were sunk in the Mediterranean on December 31, with a loss of 718 lives Parliamentary Under-Secretary McNamara announced today. The secretary of the admiralty also announced that sometime in December a ship was sunk at the mouth of the Mersey river with a loss of 40 lives aboard.

CHINKS WHO FIRED ON GUNBOAT HIDE

By Ralph Turner

Tokio, Jan. 23—A Hankow dispatch today to the Kokusao agency declared it has been impossible as yet to ascertain whether the hCinese who fired on the American gun boat Monocacy were rebels or not. The attack occurred on the morning of the 17th. Five hundred Chinese entrenched at Yachow fired on the gun boat despite the fact that her flag was visible. Eighty bullets riddled the gun boat and Chief Yoeman O'Brien was felled by the first volley. The Monocacy's crew retined the fire silencing the attackers.

The attack on the Monocacy it was announced in dispatches from Washington has been made the subject of diplomatic protest through the American minister at Peking.

"THE AMERICANS—1917"

We are coming from the mountains
Where the slender pine trees grow;
We are coming from the Dixie land,
Where the Swannee river flows;
We are coming from the boundless West,
Where the golden wheat fields lay;
And from the vast Pacific slope
From Alaska far away.
We are coming, we are coming—
Two million men and more,
To fight or die for liberty
As our grandsires did of yore!

We are hurrying o'er the ocean,
With blessings in our train;
We come to help beloved France
Re-win Alsace and Lorraine;
We come that little Serbia
May evermore be free.
And that the land of valorous Poles
Regain lost liberty;
We care coming, we are coming—
Two millions young and strong.
To join the ranks of the Right
And help 'venge Belgium's wrong!

We are coming, Jew and Gentile.
Without thought of gain or greed;
We are coming with the purpose—
That enslaved men be free;
We are coming with "Old Glory,"
And with ships and arms and gold—
Coming to found the reign of peace
Of which the Prophets told;
We are coming, we are coming—
Two millions on the way,
And other millions close behind
For tyranny's had its day!

One of the earliest patriotic societies of American women was the "American Daughters of Liberty" which was organized by the women of Philadelphia in 1780 to provide clothing for the suffering soldiers.

COUNCIL WANTS VIEWS ON THE POLICE FORCE

Whether Extra Man or Men Will Be Added to Force Depends on Wish of People

WILL LIKELY ADD ONE MAN

The matter of an addition of one or two or no members to the police force will be up for final settlement before council at the next regular meeting on Wednesday evening, February 6th. At the organization of council, January 7th last the police question was discussed and a resolution was passed providing for the electing of two additional policemen. The Fourth ward members were especially interested in the matter and said the citizens down that way demanded and must have better police protection. The Third ward councilmen also expressed the belief that more police protection was needed in their ward, especially after night when drunken and other hoodlums made a practice of insulting women on the street and otherwise raising the devil generally.

When the action of council was made known following the meeting, considerable discussion arose about town and the question of the expense of the proposed new departure caused a great deal of adverse comment on the ground that it would mean an increase in borogh taxes. That it would increase borough taxes is true because with the increase in salaries to the present police and two new men at the increased salaries it would mean an additional mill of tax for police purposes. The two police at the present rate of wages wil cost the taxpayers $2340, and the two additional men would increase that amount $2280 or a total of $4620 for police salaries alone.

When the matter of this increase in millage was called to the attention of council at its meeting on January 16th the question of the increase, together with twelve applications for the new places, were referred to the Public Safety committee, Burgess and Borough Solicitor for investigation and report at next meeting of Council on February 6th. This meeting was held in the council chamber Monday evening. Burgess Chase, Solicitor Urey and Messrs Gallaher, Graham and Lucas, of the Public Safety committee being present. The police increase was discussed at length from every angle. Burgess Chase and Councilman Lucas were of the opinion that two additional men were needed, the Burgess stating that he would stand on his recommendation to council in his inaugural for an enlarged police force, especially as he had been approached before and since by many citizens of the Third and Fourth wards demanding such increase, the demand being especially insistent from the Fourth ward. Mr. Lucas expressed similar sentiments and said his opinion that two additional men were needed was the result of his own observations and knowledge of conditions in the East End and from the demands or requests of the citizens down there, whom he said were ready and willing to pay the necessary additional tax to maintain them.

Messrs. Gallaher and Graham thought that the matter might be compromised by giving town better police protection by the addition of one man and it was finally decided to recommend to council at the meeting on February 6th that one man be added to the police force and he be put on April 1st as according to Chief Mellerry and the police records there was not so much police work during the cold weather.

This recommendation will be presented to council for final action Wednesday night, February 6th and it is now up to the taxpayers and citizens generally to acquaint the members of council with their views or wishes on the matter. The question of proper police protection is a vital one and cannot be measured in dollars and cents if the need exist. The addition of two or even one policeman means increased taxes, but if it is necessary it should be done. Tell your councilmen your views before Wednesday, February 6th, and ask them to do what you think proper.

BOLSHEVIKI IS AT BREAK WITH GERMAN PEACE

Party News Organs Again Attack German Diplomats and His Dual Police

KUHELMAN VISITS THE KAISER

By Jos. Shaplen
(By United Press)

Petrograd, Jan. 23—Breaking off of all peace negotiations by the Bolsheviki was announced today by Bolsheviki newspapers. They apparently had official backing. The Pravda and Isserkia today officially assailed German Foreign Minister Kuhelman and declared his plans "a treacherous dual policy." Official Bolsheviki reports today told of Red Guards occupying the city of Baltava. The Ukranians are retreating. A decisive battle is expected shortly.

Amsterdam, Jan 23— Chancellor Hertling and Foreign Minister Kuhelman had an audience with the Kaiser according to Berlin dispatches today. Presumably the subject matter consisted of Hertling's long delayed speech to the Reichstag. Kuhelman met members of the Reichstag and related to them the progress of the Brest Litovsk negotiations. It was stated he probably would make a formal speech to the Reichstag main committee before his return to Brest Litovsk.

NEW JERSEY I. W. W. WORKER ARRESTED

(By United Press)

Paterson, N. J., Jan. 23—Carl Keinzer, aged 28, a member of the I. W. W. was arrested today and will be sent to Chicago for trial under a blanket indictment which charges him with conspiracy against the United States government in connection with Wm. E. Haywod.

Keinzer according to local police was one of the leaders in strike plots over the country. He was one of the ring leaders in the 1916 strike riots here and was arrested several times.

REVIVAL A SUCCESS

Rev. Wissinger preached an excellent sermon to the large crowd which attended the revival services at the U. B. church last evening. There was exceptionally good singing by a chorus choir. There were 25 penitents. Arrangements are being made to organize a booster choir of young epople. It is the intention of the pastor to have a big rally Friday night.

JOHN GINGERY DIED AT WOODLAND TODAY

John Gingery of Woodland died this morning about five o'clock from the effects of a paralytic stroke which he suffered a week ago last Saturday while following his occupation as delivery man for the Vulcan Trading Company. Mr. Gingery was a man whom it was a pleasure to know. A kind father and an indulgent husband he was the idol of his family circle and all with whom he came in contact have only the kindest words for him. His wife and four adult daughters survive him. Funeral and obituary later.

HAIG'S REPORT

(By United Press)

London, Jan 23—"Northeast of St. Quentin an encounted between hostile raiding parties and patrols was reported by Field Marshasl Haig today. Three of our men are missing. South of Labassee an attempted enemy raid was driven off."

only in that way can he get the real sentiment, and aside from his own knowledge and observation, can he learn public sentiment on this vital proposition

WEDNESDAY EVENING, JANUARY 23, 1918.

Over in Altoona they arrested a man for stealing a bath. Served him right for doing such a rash thing this kind of weather.

With the young men of the country nearly all at the training camps the snow has no beauty for the young lady of the country when she recalls the sleighing parties of a year ago.

The tail is done wagging the dog, for the present at least, and today every business man, laborer and workers of all description are again at work of production while the railroads seem to have just as much work as usual on their hands. We have indeed passed through a peculiar situation. The United States, the peer of all industrial nations, produced materials faster than the great transportation lines could distribute them and the natural result was that production had to stop until the manufactured products were moved. Perhaps no man or set of men could have forestalled such a condition and yet it appears that by taking the proper steps at the proper time the transportation companies could have been rendered such aid as would have put them in shape to cope with their share of the work of war preparation. Not being given such help by the gvoernment and being retarded by Congress, Commissions and Courts, they were weakened for the great task that lay before them. Instead of the dog of business wagging the tail of transportation the dog was forced to stand still until the tail caught up.

OUR POLICE QUESTION

Out of all the controversy over the increase in the number of our policemen there should come an improvement in that department of our borough government. Practically every one shares the belief that the two man system is inadequate and that while four men could be used, particularly on Saturday nights and in the busy season, our needs are not so urgent as to make four men a necessity for the safety of our residents. In advocating the four man system The Progress had in mind an ideal condition and of course was not at that time considering the cost. Police protection is a necessity and must be had regardless of the cost. Council is acting wisely in considering this matter from the financial standpoint and no doubt will be able to arrive at a solution which will give Clearfield adequate protection at a minimum cost and that is all that can be expected. A policeman is rarely needed in the Third Ward but it would not be well to let it go without visitation from policemen at frequent intervals otherwise that vicinity of our city may in the near future become the rendezvous of those plying illegal trades and practices. The citizens of the Fourth Ward are unanimous in their demand for a policeman in that Ward and we believe that they are entitled to one. It is to be hoped that at least one more policemean be added. Our city has grown and become more populous and the addition of one more policeman will not be out of proportion to our population.

Significant of the importance of women in industry in wartime is the appointment of Miss Hilda Mulhauser of Cleveland, as assistant manager of the newly organized employment service of the United States Department of Labor. Miss Mlhauser's work will concern the placing of women in positions previously held by men now in the military service as well as the placing of wage earners made idle through industrial changes.

The Missouri Pacific railroad has established a free school in Little Rock for the training of women to take the places of men called into army service.

POLITICAL ANNOUNCEMENTS

We are authorized to announce the name of Dr. Jonathan Currier of Grampian, Pa., as a candidate for the office of congress to represent the 21st Congressional district composed of Clearfield, Center, Cameron and McKean counties. Subject to the rules of the Republican party. Primary May 21, 1918.

WINBURNE I. O. O. F. HAVE SOCIAL MEET

Last fall the Odd Fellows of Winburne decided that the best way to keep up good spirit, for both the order and the country, was to get together once in a while and have a good time. Accordingly, a committee was appointed to make some arrangements for a social gathering some time in the future.

For some time the members of the lodge have been trying to ferret out when the time should "come off" as no general announcement of the affair was to be made. The fellows began to realize that something was in the wind and when Friday evening came there was present a large number of members of the lodge.

After the business of the meeting had been transacted the appointed committee announced that refreshments would be served and requested the members not to be in a hurry to go home. It was not necessary to make this request a second time.

The committee had arranged a fine lunch of sandwiches, pickles, ice cream, and coffee. When each had enjoyed as much of this as was in keeping with good common sense the smokers were treated to good cigars. (It is rumored that some drank more coffee than would be fitting at anything but a stag party.)

The evening was pleasantly passed telling jokes and stories. Two visiting brothers, Mr. Nelson, of Lakeport, New Hampshire, and Mr. Chase, of Massachusetts, were present. Mr. Nelson told several good stories. But though the fellows all enjoyed themselves, they stopped their merriment for a more serious attitude of mind while they called to memory the boys in the training camps and those "over there".

After a vote of thanks to the committee the meeting broke up, each voting a good time and leaving with a determination to back up the boys "over there" with the proper spirit at home, for they realize that if the boys in the trenches shall do their best is is necessary that the people at home do their part.

FATAL JANUARY OF 1893 RECALLED BY THE MANY DEATHS

Washington, D. C., Jan. 22—The many deaths that have occurred this winter among men prominent in the affairs of the nation have served to recall of "fatal January" of twenty-five years ago. The entire history of the country affords no parallel to the high record of mortality among prominent men that marked the month of January in 1893. Within the short space of three weeks the nation lost by death such notables as Rutherford B. Hayes, former president; James G. Blaine, the great Maine statesman and presidential candidate; General Benjamin F. Butler, civil war commander and former governor of Massachusetts; L. Q. C. Lamar, one of the leaders of the confederacy and later a United States senator and a member of the Cleveland cabinet; Rt. Rev. Phillips Brooks bishop of Massachusetts and famous pulpit orator, and John E. Kenna, who at the time of hiss death was serving a United States senator from West Virginia.

RED CROSS IS MAKING ITALY OUR FRIEND

Great Organization Nips German Propaganda By Ministering To The Italian Destitute

THE CABLE TELLS THE STORY

By George Martin

Washington, Jan. 19—The American Red Cross nipped a flourishing German propaganda against America in the bud by carrying the Stars and Stripes and needed relief into Italy at the time of Italy's first severe reverses according to a cable from Major Murphy to Chairman Davison of the Red Cross War Council received here today.

Spies were rapidly spreading the word that America was unfriendly to Italy, didnt care what happened to her and was afraid to antagonize Austria. The people believed the stories. Major Murphy's graphic cable speaks for itself.

"When we reached Italy refugees were streaming down from the North. Indescribable pathetic conditions existed. The unexpected military reverse had stunned the nation. Rumors of all sorts were in the air.

"A vicious propaganda had spread the report that America was not friendly to Italy; that we were not interested in the war and even that we were afraid to antagonize Austria as well as Germany.

America apparently had no available means of expression. Congress was not in session. Our army could not act. Fortunately, however, the Red Cross was in a position not only to respond immediately to the call of the suffering but also to carry the message of the American people to Italy in the hour of her distress.

"Working in conjunction with our own state department and the Italian government, we used every available means of supply and distribution to assist the ally of our country. Within aproximately two weeks after our arrival we had established warehouses and branch warehouses to supply all important points.

"We opened shelters for homeless women and children.

"We distributed condensed milk to little children.

"We dispatched three emergency workers on a tour of Italy, with five hundred thousand lire in small bank notes, to give immediate aid where it was needed.

"At the presentation of our first three ambulance sections to the Italian army, through the general of the division, there were represented our own state department, the French army, the British army, the Italian Red Cross, and the military sanitary department of the government. As our sections passed through the streets on their way to the front, after the ceremony, the streets were filled with enthusiastic crowds and American flags flew everywhere.

"Whatever else we may have done or failed to do we have raised the American flag from one end of Italy to the other, and our youngsters today are doing their part in helping to hold the Piave line."

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness, or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothes and heals the swollen or inflamed nasal membranes, relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

In view of the tremuous efforts now making by the various departments in Washington to secure women to fill clerical positions, it is interesting to recall that on December 27, 1851, an official order was issued for the exclusion of women from the employment of the government.

MAXWELL

Most Miles per Gallon Most Miles on Tires

Economize Wisely —A Maxwell Car Will Help

Waste is often committed when the intention is to economize. A Maxwell car, famous for its economy, will cost you only a few dollars a month to operate and maintain.

Which is the real economy:

(1) To use the car and save time, strength, and mental vigor?

(2) To do without the car, lose time in your business, lose the health gained from motoring, and worry yourself into illness?

Use of a Maxwell car will give you self confidence.

Your neighbors and associates will get mental inspiration from you.

As wave circles widen when a pebble hits the water, so will your good example benefit your entire community.

Save—yes; but do it sensibly, and let the Maxwell help.

LETTERS FROM OUR SOLDIER BOYS

January 2nd, 1918

Dear Uncle:

Will take the time to write you a little note. It isn't going to be much for we are not allowed to write much about the place. I suppose you know by this time that I am in Cuba but I dont know how long we will be here. Maybe for the rest of the war and maybe not. We have a nice place here and we can get liberty whenever we want it. We can go to Santiago or Guantanamo City and they are both pretty good sized places and we have some time.

The work isn't hard. We stand a four hour watch about every four days.

I go on watche tonight from 10 o'clock till 2, but that isn't much.

Our camp is a dandy place, in the mountains, but we have it fixed up nice. We have a shower bath, electric lights, and sleep in tents on good spring bunks, and the eats are swell.

We sure do get good eats. Our Christmas dinner was fine. We can go hunting and fishing whenever we want to. There is deer and quail and lots of them. We can catche most any kind of fish but sharks, and they are too big to get without shooting. We have two wire traps and get all kinds of fish in them. My bunkie and I just cleaned a four foot eel we caught.

We can have fish every meal if we want them. We go swimming every day and Gee, it is great.

Well, Uncle, I have told you about all so will relose for this time, with love to all.

BIG LEAGUES MAY TRAIN AT THE ARMY CAMPS

By H. C. Hamilton
(United Press Staff Correspondent)

New York, Jan. 22.—There isn't the faintest shadow of a doubt that the American soldier is the biggest thing in the American heart. And nowhere is it more evident than in sports.

Baseball is practically sacrificing everything to give basketball to training camps next spring. The Reds may, in fact, do their spring training at Camp Sheridan, Ala., instead of going to Shreveport, as in the past.

The Braves and Yankees, who have been playing a schedule of games every spring on their way north from Georgia, are booking all training camps on the way for this year.

More ball players are going to be in the National army before spring rolls around. And a great many of them are going to be big leaguers Baseball should get its big push in the army along with other pushes Baseball, in fast, should emerge from the big game more staunch than ever in the hearts of American sports lovers.

OF INTEREST TO WOMEN

Mrs. Opal Brown is now probate judge of Doniphan county, Kansas, having been appointed by Governor Capper to succeed her husband who is in the military service.

Mrs. Ralph Smith is the first woman candidate for the British Columbia legislature. The by-election will take place in Vancouver, which was her husband's constituency.

Soldiers from the vicinity of Monroe, Mo, in training at Camp Funston are receiving the home paper regularly through the generosity of a prominent clubwoman of their town.

SENATE LOOKS INTO WONDER ENGINE

Assyrian Takes Energy Direct From Air and Harnesses It To Work In Harmony With Steele

A REVELATION IN SCIENCE

Washington, Jan. 21—In the cyclones of turmoil and travail, while a doctor of philosophy is juggling "king coal" and incidentally creating holidays for the general public and at the same time bringing down the denunciation of the same public upon his head a bill has been working its way through congress which its sponsors assert will give to the government and the world an engine which will operate without the use of ordinary fuels, taking its energy from the air.

This bill, or rather joint resolution, which has passed the house and is being considered by the senate committee on patents has to do with an invention called the "Garabed." Its inventor, an Assyrian, Garabed T. K. Giragossian, claims to have solved the problem of taking free energy direct from the air and harnessing it to perform work. In other words he claims to have designed an engine or motor that uses the free energy which is present in the atmosphere and which scientists have long predicted would some day be brought under the control of man.

The purpose of the joint resolution is "for the purpose of promoting efficiency, for the utilization of the resources and industries of the United States, for lessening the expenses of the war and restoring the loss caused by the war by providing for the employment of a discovery or invention called the 'Garabed' claiming to make possible the utilization of free energy.

Under the terms of the resolution five scientists will be appointed to investigate the practibility of the invention and report to the secretary of the interior. Upon a favorable report the inventor is to be recognized by the government as the legal owner and inventor. The government is to have the right to free use of the invention for its own purposes and the inventor is to have all the legal rights and benefits of the discovery.

The only woman attending the recent national food conference called in Washington by Herbert C. Hoover, national administrator, was Mrs. Wynn Coman Schramm, of Salt Lake City, who was present as the official representative of Utah.

If you've lost something insert an ad in the Classified section.

COURT NOTES

According to the records of County Treasurer Kline's office there were a total of 4806 dog tax licenses issued in Clearfield county up to Monday evening. Before the new law went into effect the Assessors' returns showed there were about 6000 dogs in the county. The constables, police officers and game wardens are required to kill all dogs found without a license tag and there is a penalty for non performance of this duty.

Judge Bell issued an order Monday to vacate a public road in Pike township which leads from the old Oakland school house to the Wilson McClure place, where it connects with the Grampian road. A. G. Kramer, J. S. Michaels and E. D. Billotte were appointed viewers to investigate the matter and report to the court.

Jacob Baughman was appointed supervisor of Boggs township, to take the place made vacant by the resignation of William J. Hephart.

A petition was presented to Judge Bell Monday morning asking for the dissolution of the DuBois Warehouse company following action taken by the stockholders February 28, 1917. An order was made fixed February 18, 1918 as time of making final decree upon the presentation of required proof.

Frank A. Phillips filed a petition in the Prothonotarys office asking for a divorce from his wife Teanie Phillips. He states that they were married November 21, 1908 and his wife deserted him June 26, 1917.

Harry Fitzgibbons asks for a divorce from Lucille Fitzgibbons. He says they were married in Henderson, Kentucky, in August, 1906, then moved to West Virginia where his wife deserted him and finally came back to Clearfield county. He now resides at Pleasant Hill.

On petition of the town council of the borough of Osceola Judge Bell on Monday last appointed Harry E. Williams and Hugh McGinty as members of council to fill vacancies occasioned by the death of the late John Weimer and from the fact that that three members were elected at last November's election, when the terms of four members expired January 7th. The new appointees will serve until the next municipal election in November 1919.

Edward Rothrock, of Cooper township was released from jail on $350 bail. Young Rothrock who is 20 years of age, was placed in jail on information made by a widow with four children, who charges that the young man's blandishments caused her to love not wisely but too well.

The supervisor of Woodward township petitioned the Court for permission to increase the road tax of that township to twenty mills, the increased tax being deemed necessary for the repairing of roads and bridges and building of new roads in the township. The present valuation of the township for tax purposes is $235,871. Judge Bell authorized the levy.

ARMY CAPTAIN WHO ROBBED BANK AND SHOT HIMSELF

CAPT. LEWIS R. WHEELER

NEWS OF OUR NEIGHBORS

CURWENSVILLE

The seventh grade enjoyed a sleighing party to Clearfield last evening.

George Grimes is home from Williamsport for a few days.

Rev. Joseph H. Cooke went to Philadelphia this morning to attend the funeral there of his brother's wife Mrs. William George Cooke.

Mrs. B. E. McDivitt of Lumber City, visited her parents, Mr. and Mrs. George Fleming of Irvin Hill yesterday.

In last Thursday's Progress Mrs. G. F. Kittelberger requested the names of the boys from Curwensville in camp who were in need of sweaters as a fund has been started to provide for them. Names have been given her of boys not from Curwensville, and although we would be very glad to give to any of our soldier boys our limited funds will only permit us to furnish to Curwensville boys as previously announced.

Mrs. J. A. Kujawa entertained last evening.

Mr. and Mrs. Norman Gearhart returned home from DuBois Monday where they had been visiting the latters parents, Mr. and Mrs. Lydic.

Funeral services of Elizabeth Way, 8 months old daughter of Mrs. Emma and the late Reuben Shurr who passed away January 17, 1918, after a short illness of only a few days was held Sunday afternoon at two o'clock from the home of Lee Mullen of Ridge avenue. Rev. Bertram H. Conley, of the Presbyterian church, officiating. Interment was made in Fairview cemetery.

There's a pair of little hands
Laid to rest forever more,
And two pearly dimpled cheeks
Whose rich blossoming is ore.

Death has sealed two little eyes
That will no more smile or weep
Tiny windows of the soul—
Baby's gone to sleep.

The little crib is empty now,
The little clothes laid by.
A mother's hope, a mother's joy.
In death's cold arm doth lie.

Go, little pilgrim to thy home
On yonder blissful shore;
We miss thee here but soon will come
Where thou hast gone before.

Mr. and Mrs. William Shurr, of Horne, Indiana county, grandparents, attended the funeral.

Ord L. Norris who has been on the sick list for sometime is able to be up and around the house.

The mission study class of the Presbyterian church held an all day meeting at the home of Mrs. J. B. Garner yesterday.

A son was born to Mr. and Mrs. Howard Hoak, of Pike township Saturday, January 19.

Miss Amelia Lesher is visiting with friends in Johnstown.

Pedestrians should be very careful as there are some slippery spots on our sidewalks.

Revival meetings are now in progress at the Methodist church.

NEW MILLPORT

Misses Greenaleh and Winworth of Brockwayville are visiting at the home of Miss Greenaleh's sister Mrs. George Sloppy of this place.

A sled load of our young people attended the patriotic services at O'Shanter Sunday evening.

Mrs. McKinney of Altoona is spending a week in New Millport.

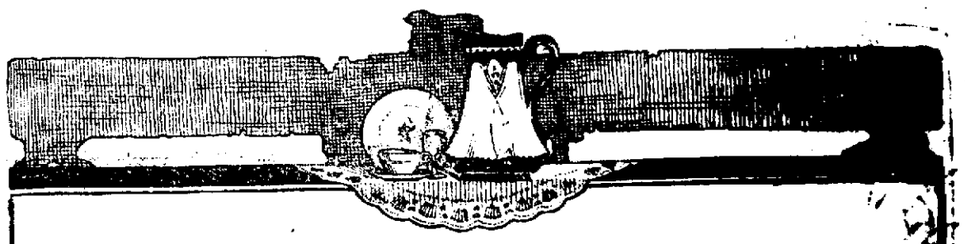
Ira McCracken is very ill at his home.

The party in the K. G. E hall Monday evening was a decided success.

Miss Emma Spencer was a Clearfield visitor Tuesday.

A WAR NECESSITY

The Indiana Grangers have forwarded requests to Judge Langham of Indiana County that all [illegible] be [illegible] this year as a war measure.



Save Yourself in Dish Washing

The soap you use with the dishes seems a little thing, but—

Count the number of dishes you wash in one day and multiply them by 365.

It's a real saving to use a soap that cuts grease as speedily as Fels-Naptha. It means work finished more quickly and with less effort. It means everything spotlessly clean.

Keep using Fels-Naptha with the dishes.

At your own grocer's in the Red and Green wrapper.

To keep white clothes white use Fels-Naptha.

THEY CALL IT DE-LOUSING OVER THERE

By J. W. Pegler
(United Press Staff Correspondent)

With The American Expeditionary Army, France, Dec. 18. (By Mail.)—Uncle Sam is moving in his wash-tubs to wash the under-shirts and things that come back from the trenches.

Wash-tubs are the main thing in the big salvage base which is just being finished in a city far back from the lines. There are also shoe-repairing machines and machines for darning socks and patching breeches.

The Quartermaster took a broad look at the future in planning this base. He visualized hundreds of thousands of Sammies in the mud and filth of the trenches—battalions coming out every day wearing the same clothes, down to the last stitch, that they wore when they marched in. He saw that these out-coming battalions would need hot baths and clean clothes as much as rest and recreation.

They're going to get 'em—baths and clothes.

Back in the cities, "salvage" denotes a careening red fire-wagon piled high with water-proof blankets, with behelmeted salvage-corps firemen clinging to the handrails.

Over here it's something else again. Salvage means repair, reclamation, saving.

There will be bath-stations just back of the front and each emerging battalion will have its "bath parade" on coming out. As they enter the building the Sammies will discard their duds—jackets, breeches, shoes, socks, shirts and underwear. They will go through the baths and come out in another room to find clean, dry clothes and sound shoes waiting for them.

Meantime the salvage folk will have gathered up the discarded clothing. First off, every garment will go through the "de-lousing" wagon, where steam baths will kill 'em.

Next the garments are piled into freight cars which come up to the line with supplies and otherwise might go back empty. At the base the Uncle Sam laundry thoroughly launders every garment and sends them on to other departments in the same plant for inspection and repair.

If a garment has been repaired several times before, most likely it will go into the discard. Otherwise it will be patched and sent forward for the next man who comes out wet, muddy and craving to be clean again.

SOLDIERS TO HEAR TAFT

New York, Jan. 23.—Pleased at the opportunity to contribute its "bit" toward the success of the national cause, for ex President William H. Taft is about to begin an extensive tour of the national army cantonments under the auspices of the Young Men's Christian Association, his first appearance will be made at Camp Devens, Mass., tomorrow. His tour will include visits to nearly all of the military training camps from Atlantic to Pacific.

Lady of Vandyke so Weak From Stomach Trouble She Could Hardly Walk She Said

Terrible Attacks of Cramps made her Fear she Would Die—Took Simple Home Treatment, Hasn't Had Cramp Since

TELLS HOW SHE DID IT

"I suffered from stomach trouble for a year. I tried many things that were recommended but nothing did me any good. Everything that I ate hurt me and I would take spells of cramps that seemed so bad I didn't think I could live through them and I got so bad off I could not walk anywhere, not even across the room. Those terrible cramping spells were so bad I thought I would die and everyone thought I could not live.

"I was at my wits end when Acid Iron Mineral was recommended to me as the very think for stomach trouble and I commenced to take it and since then I have never had a spell of cramp. I now eat anything I want to eat and it doesn't hurt me. I have have gained so much strength I can walk two or three miles without getting very tired and I can sleep a whole lot better, while before I took Acid Iron Mineral my sleep didn't do me any good. It has done what nothing else that I had tried could do and I consider A-I-M a wonderful medicine and believe it will do everything it is recommended to do if taken according to directions," declared Mrs. Elizabeth Grimsley, of Van Dyke, Buchannon County, Va.

When your strength gives out and you feel like dragging around all day long instead of skipping aronud spry and lively like of old, try taking a few drops of this natural iron in a glass of water after meals. It is simply wonderful. People all over this state recommend Acid Iron Mineral. The beauty abot it is that it is just the highly concentrated natrual iron, cheaper, stronger and much better for people in need of iron. A twelve ounce bottle usually sells for a dollar, and as a tonic, aid to digestion, kidneys, and bladder it can't be equalled. It is sold only in original bottles and the trade mark "A-I-M" on bottle and carton is the, errodine Chemical Corp. guarantee of strength and quality. Most druggists have it. Get a bottle today. For sale by Stewart Drug store and good stores generally.

500 AND FANCY WORK PARTY

Mrs. M. P. McDonald entetrained at a five hundred and fancy work party last evening at her home on Cherry street.

Four tabls were utilized in playing progressive five hundred while the other ladies spent the time pleaantly in knitting and sewing. The head prize, which was a box of lovely handkerchiefs, was won by Mrs. Will Leavy and the consolation prize, an attractive wsate basket, was won by Mrs. John Beahan.

At a late hour the hostess served an excellent lunch.

WHEN THE WAR WILL END

Absolute knowledge I have none.
But my anut's washerwoman's sister's son
Heard a policeman on his beat
Say to some one on the street
That he had a letter just last week,
Written in Swedish—or was it Greek?—
From a Chinese coolie in Timbuctoo,
Who said the niggers in Cuba knew
Of a colored man in a Texas town,
Who got it strainght from a circus clown,
That a man in Klondike heard the news
From a gang of South Illinois Street Jews
About some lady in Borneo
Who heard of a rascal who claimed to know
Of a swell society female rake,
Whose mother-in-law would undertake
To prove that her second husband's niece
Has stated in a printed piece
That her brother's son has a friend
Who thinks he knows when the war will end.

—Exchange.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions, instead of the multitudes of "nerve wrecks" "rundowns" "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshenings the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

Rebo orrtP fetrob fl - 1c.TIN

Robert Porter of Charleston, W Va., arrived here last evening to attend to business and is the guest of his aunt Mrs. E. J. Holden of Second street.

Peter Loddo has returned from a pleasant two weeks' visit with his brother in New York city and is again on duty at the Y. M. C. A. tonsorial establishment. Pete says New York is O. K. but the big town has nothing on Clearfield except in size and a few other things.

Harry Howe of Morrisdale, was the guest of his brother Dr. Fred Howe at his home on Market street, while attending to business in town today.

Funds for Liza Jane.

A long row of husbands sat in a mess hall and a sergeant was on the other side of the table with papers in front of him from which he from time to time read extracts, recites the New York Times.

"Are you married?"

"I was married, but I ain't now."

"Wife dead?"

"No, she ain't dead, but we had a mutual separation."

"Any divorce?"

"No, sir, I could not pay for a divorce, but it is all busted up 'tween us. Please don't put her name down."

Her name did go down, and Liza Jane will be astonished when the next month rolls around and Uncle Sam hands her out $15 with a little memorandum to the effect that this is an allotment from her husband, and a little extra thrown in to help her and the children if she has any. That is not all. If he dies in battle, she gets $4,500, or possibly more

HARD SCRAP ON KELLYTOWN LICENSE

(Continued From Page One)

and that the County Detective could not get the evidence to convict in any instance if the people on the ground would not help. Mr. Boag then said some operators were trying to get whiskey to keep the miner soaked and keep him down and when forced to name the man said Mr. Forsyth was endeavoring to get a license to do that and Mr. Forsyth asked him if any of the men who bought homes at Kellytown had ever purchased one or been helped in any way while working at Boardman, and the witness replied that he was not the Potts Run Lumber Co., but he guessed they had not, with the exception of one man whom he loaned money to buy furniture.

Mr. Shuttleworth, of Shuttleworth & Fox, of Janesville, represented by W. A. Hagerty, testified that they employed two men. His bar ran $6,388, hotel $2319. Entertained 3975 during past nine months. Had prohibited list and added several during year.

A resident of Palmyra, Pa., who visited Janesville some time gao, wrote a leter to Judge Bell about the conduct of this house. He said they refused to serve him wth dinner, and asked him what union or organization he belonged to before doing so, and that he had seen fourteen men being treated in the bar at one time.

Clair Copenhaver, of Smithmill, represented by Miller & Hartswick, testified that he and were applicants for transfer of the license of S. W. Ricketts at Janesville and would give the business his personal attention. He said he was 23 and his partner 40. The transfer was granted.

The Maple Run Coal Co. application was continued until the building was completed.

E. J. Smith of Grampian represented by Miller & Hartswick, was the first license applicant called to the stand when court opened this morning He is proprietor of the Aberdeen hotel and had license there six years but was "dry" last year. Kept his house open and served 4840 meals. Conducted his house at a loss during year. Employed a cook.

George McMullen of Grampian, represented by W. A. Hagerty, stated that he owned the Grampian hotel and had conducted a hotel there for fourteen years. Had served 2700 meals. Presented supplemental petition containing about 200 names. Had no license last year and lost money keeping his house open but kept no records and did not know how much.

James Redding of the Leonard House, represented by Miller & Hartswick, testified that he employed one bartender aged 36. He was 56. Had prohibited list of 186, one taken off and eight put on during year by the Liquor Dealers' Association. Bar receipts, $18,633.16; house $13,053.85. ten boarders, and 6784 guests during year. Had no trouble or disorder. Filed a supplemental petition containing 200 names.

Ed. T. Bird, of the Palace hotel, represented by Miller & Hartswick, said his receipts were, bar, $13,275.50; house, $13,898.80. Employed bar tender, 31; and lunch man. Entertained 9935 guests. One boarder. Had prohibited list of 176.

M. T. Bowman of the Riverside hotel, represented by Miller & Hartswick, stated that he employed two bar keepers, each aged 42. Had official prohibited list. The office ran $8,573; bar $17,501.85. Had 129 different lodgers; 2390 for meals. Had called an officer to take drunks away from station but never had any trouble. Sold to no man in uniform. Had sold a few bottles and believed it was satisfactory to the court. He made all bottle sales personally and Judge Bell said he had given several orders to do so Sold several of these men four or five times during year.

Joe Pickering of the Witmer Inn, represented by W. H Patterson, Jr. was called and said he had a license for the Witmer Inn for past four years. Said he had a lease for the property until 1919. Employed two bartenders one 47 and one 29. Had prohibited list of about 140, added some during year and some had been taken off. His bar receipts were $16,-21, house, $16,315, guests, 4171 and five regular boarders. Had sold four bottles on order from the court Had no disorder during year.

M A McGinnis manager of The Dimeling, represented by W H Patterson, Jr., employed two bartenders aged 38 and 36, and a bar porter, 23 Added seventeen names to the prohibited list during year Bar ran, $[illegible], house $13,[illegible], meals $5,361 57; meals, 47,279; lodgers 16,-038; had no trouble but dismissed a bartender for selling bottles. Said he was President of the Clearfield County Hotel association. Nearly all hotel men belong to it; Mr. Pickering was secretary and Mr. Redding treasurer. Organized in 1916. Asked about increase in price of whiskey, said it amounted to 125 per cent and increase to consumer only 75 per. cent; that the retailer was now paying $4.70 per gallon for whiskey. The price of beer was raised correspondingly. The size of the 5c glass was cut to eight ounces and 10 bottle beer raised to 15c. The brewer raised them 50 cents on a case of 24 bottles.

James Mahaffey, of the Windsor hotel represented by Krebs & Liveright, filed a supplemental petition of 200 names. Had license for thirty-three years. Employed two bartenders, one 25 and one 43. Had official prohibited list. Bar, $15,000; office, $12,000; 7200 guests, served between 25,000 and 50,000 meals. Had no trouble of any consequence during year.

Roy McMullen, manager of the Allegheny house for Mrs. Mary A Leipold, which was represented by Miller & Hartswick employed two men, aged 70 and 37, and an extra man or two. Did not belong to county association. Had prohibited list and added one dozen during year one taken off. Sold whiskey for 10 cents and reduced glasses one-half ounce; bottled beer 10 cents. Bar receipts were $24 137.61; house, $6,-877.70; entertained 3183 guests and had nineteen ticket boarders Business increased during year Only hotel in town to sell at old rates Said sanitary conditions were good

Charles Callahan, of the St Charles represented by W A Hagerty filed a supplemental petition He had been in business for twenty-three year One bartender 43 years old. Bar receipts were, $15,770.90, office $[illegible]-40, had prohibited list of two hundred, one taken off by direction of district attorney during year Sold about one hundred bottles during year Had a little trouble once with a coon who tried to carve him with a razor

F W Rossiter of the Clearfield [illegible]

A Hagerty, testified that they did $90,000 worth of business last year. Delivered goods to as far as Grampian. More than two-thirds of their business was to licensed trade including clubs, possibly $8,000 to the clubs Used barley, malt, hops, corn and sugar in making beer; used 2,200 tons of coal last year from own mines. Employed 15 men and but two were of draft age. Used 8,000 bushel of barley; 1500 bushels of corn, 7,500 pounds of hops; 6,720 pounds of sugar; had no sugar now but had a ton on the road. Had prohibited list of about 200, some of which had been supplied by the district attorney. Said his records contained names of the clubs sold to and same were available at any time. Business about same as last year. Also manufactured ice for the town. Make twenty tons per day but could not separate cost of brewing and cost of ice manufactured very easily.

George Haywood, of Hawk Run, represented by W. H. Patterson, Jr., testified that his office receipts were $1,125, bar, $4,230. Had prohibited list of seven. He was 31. Had license three years. Had no trouble and did not sell bottles.

Harry C. Howe, of Howe Bros. Morrisdale, represented by Miller & Hartswick, filed a supplemental petition Had a license ten years Employed a man to help, aged 21; he is 35. House receipts, $4,265.75, bar, $9,655. Entertained 2355 guests. Had prohibited list of seven, four received from court and none taken off Had no trouble of any kind Had 16 rooms for guests

John McDowell, Hawk Run, wholesale, represented by Miller & Hartswick had a license twenty-five years His son, 25, helped him Had three horses and a truck for delivery Had no prohibited list but had turned four people he did not sell to Sold most of his stuff to hotels and clubs His business totaled $11,000 last year Biggest part to clubs The Fiesen Club in Hawk Run and the Ogden and Moose in Philipsburg Sold about as much to these clubs as he did to the thirteen hotels he supplied

Winburne, represented by Miller & Hartswick, had license five years. Employed one bartender aged 55 Receipts were bar $6,240; office $1,088.75. Had prohibited list.

Otto F. Adamitz of Grass Flat, represented by Miller & Hartswick, employed one bartender aged 42; had assistants occasionally, one 30 and one 28. Had prohibited list, added fifteen during year. Names received from Hotel Men' Association. Had to put one man out Bar receipts $18,971 75; office $3,252.35. Filed supplemental petition of 140 names.

Frank Howe, of the Winburne hotel represented by W. A. Hagerty had only been in charge for about six weeks Entertained 210 guests and bar ran $450 per week. His bartender was 10 years old Had prohibited list of eight Succeded Howard Burns.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation of the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse, again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your druggist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then get normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by [illegible] by toning up the liver and clearing [illegible] complexion.

You'll know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box.
